## SKILLS

---

- **Power BI & Data Visualization:** Interactive dashboards, supply chain KPIs, real-time performance metrics.
- **Advanced Excel & Analytics:** Pivot table, VLOOKUP, macros, forecasting models, optimization of workflows.
- **SAP S/4HANA & ERP Systems:** Order management, inventory control, procurement, demand planning.
- **Warehouse & Transportation Systems:** RFID, barcode automation, shipment tracking, process accuracy.
- **Logistics & Supply Chain Tools:** Route optimization, EDI integration, inventory planning, predictive systems.

## WORK EXPERIENCE

---

### Logistics Manager

June 2022 – June 2025

*Doorland*

*Ontario*

- Directed logistics operations across 3 shifts, coordinating dispatch schedules & SAP-driven shipment tracking, achieving 20% faster delivery turnaround & 15% improved departmental throughput using structured workflows.
- Implemented Lean Manufacturing with 5S practices, aligning with ISO 9001:2015 standards, enhancing floor layouts, cutting internal transit waste 30% & maintaining adherence to approved quality operating procedures.
- Orchestrated import/export workflows for 15 countries, integrating customs clearance protocols, reducing shipment delays 20%, eliminating compliance violations & maintaining full visibility via SAP-enabled documentation.
- Coordinated inbound material flow, verifying purchase orders, reconciling shipping documents & ensuring 100% SAP traceability of deliveries, preventing mismatched records & lowering mis-shipment rates 18% in 12 months.
- Enforced dispatch accountability by integrating barcode based dock controls, ensuring traceability, eliminating missed load events, improving OTIF 20% & maintaining strict alignment with customer service-level agreements.
- Standardized broker SLAs across 15 cross-border routes, reducing clearance times by 24 hours, maintaining zero penalties & boosting customs compliance consistency, while achieving integration with existing ERP workflows.

### Logistics Officer

May 2021 – May 2022

*MIWE Canada Inc.*

*Ontario*

- Performed tactical coordination with supply chain functions & 3PL vendors, supporting inbound flow improvements & reducing shipment bottlenecks by 22% via structured alignment with engineering & production facilities.
- Addressed technicians to stage engineering project materials, monitoring allocations & preventing part shortages, achieving 15% improvement in technician utilization & cutting average repair cycle duration in divisions.
- Improved WIP control by deploying Kanban staging methods, optimizing warehouse slotting, and removing material bottlenecks, achieving a 25% cut in WIP levels and a 12% increase in assembly across assigned workflows.
- Facilitated physical inventory counts with Materials Manager, reconciling discrepancies, enhancing BOM accuracy, & driving 98% inventory precision, which directly reduced critical material stockouts by 30% in 12 months.
- Conducted kaizen workshops with production teams, applying structured troubleshooting tools to raise delivery performance, cutting quality defects 18% & boosting daily line productivity throughout by an average of 12%.
- Partnered with suppliers on packaging redesigns, optimizing palletization & transport modes, achieving 10% freight cost reduction per shipment & lowering transport related damage incidents by 30% in fiscal year cycles.

## PROJECT EXPERIENCE

---

### Doorland Expansion

January 2024 – April 2024

*Ontario*

- Directed development of expansion project report for new production units across US, Canada, and Mexico, integrating 12 frameworks and forecasting 35% operational scalability within cross-border supply chain systems.
- Coordinated multi-state infrastructure planning, compiling 180+ datasets and capacity models, ensuring compliance with codes and predicting 28% growth in assembly operations with structured logistical alignment.

## EDUCATION

---

### Master of Business Administration

September 2010 – March 2012

*Aston University, Birmingham, United Kingdom*

### Master of Commerce – Specialization in Supply Chain

August 2007 – July 2009

*Indira Gandhi National Open University, Delhi, India*

## CERTIFICATIONS

---

- **Introduction to Canadian Customs Procedures** – CBSA, Aug 2024
- **Lean Six Sigma Green Belt** – Lean Excellence Canada, Aug 2024
- **FIATA Diploma** – CIFFA, Jan 2024
